Important Notes on Transferring:

- The colleges listed above have developed
an Associate Degree to Bachelor Degree
Articulation Agreement with WITC (Colleges
with a + have a direct transfer agreement
related directly to the Information Technology
(IT) Program; Other Bachelor Degree programs
vary); other colleges may accept WITC credits
upon a transcript review.

- The Transfer Information Systems (TIS) allows
students to review which WITC courses could
be accepted at UW Colleges. Review website for
details: www.wisconsin.edu/transfer

- If interested in continuing your education
or transferring credits to other colleges, it is
encouraged you talk to the Transfer Coordinator
or Advisor at your transfer school as soon as you
start thinking about the process.

INTERFACE Project Funding

This workforce product was funded by a grant awarded by the U.S. Department of Labor's Employment and Training Administration. The product was created by the grantee and does not necessarily reflect the official position of the U.S. Department of Labor. The U.S. Department of Labor makes no guarantees, warranties, or assurances of any kind, express or implied, with respect to such information, including any information on linked sites and including, but not limited to, accuracy of the information or its completeness, timeliness, usefulness, adequacy, continued availability, or ownership. This is an equal opportunity program. The U.S. Department of Labor's Employment and Training Administration has funded 55% of this project equaling \$680,028. This is an equal opportunity employer/program which provides auxiliary aids and services upon request to individuals with disabilities by calling 711 or 800.243.9482 Voice/TTY. WITC is an Equal Opportunity/Access Employer and Educator

*Tuition are not yet available for the 2018-2019 school year. If you have completed previous credits that transfer into the more advanced program, your costs may be less. Please speak with WITC staff if you have questions on how costs are determined. Tuition is an estimate and does not include any miscellaneous fees for various courses, tools, books, supplies or uniforms. Program book costs are in addition to tuition and fees and vary depending on course selection and where the books are purchased or rented.

**Wage and employment data is compiled from the 2017 WITC or 2016 Wisconsin Technical College System (WTCS) Graduate Follow-Up Report; if not available, wage data is derived from the wage data compiled through Economic modeling software int'l (Emsi) based on the WITC county region and the SOC codes assigned through the WTCS. The wage data presented is a range from the 10th and 25th percentile earnings in December 2017 and may include the lowest wage level from the WITC or WTCS Graduate Follow-Up Report parent programs. Educational decisions should not be entirely based on the wage data presented as wages are subject to error and sampling bias. Some people may be hired at a lower or higher starting wage than what is reported here. Annual salaries, from Emsi data, are based on a 40 hour work week over 52 weeks (2080 hours).
