

# Construction and Cabinetmaking Pathway

EXPERIENCE. SUCCESS. ONE STACKABLE CREDENTIAL AT A TIME.

Career Pathways are an innovative model that connects progressive levels of education allowing you to build upon your education in increments. Along the way you develop job skills, have potential for higher earnings, and become more marketable to employers. WITC also has support services available to help you along the pathway, including Study Skills, Employment Services, Accommodations, Financial Aid, and others.

Employed Related Within 6 Months 100%

Average Yearly Salary: \$33,898

## BEYOND WITC

### Bachelor's Degree

UW Stout

### Important Notes on Transferring:

- The college listed above has developed a Technical Diploma to Bachelor Degree Articulation Agreement with WITC (Bachelor Degree programs vary); other colleges may accept WITC credits upon a transcript review.
- The Transfer Information Systems (TIS) allows students to review which WITC courses could be accepted at UW Colleges. Review website for details: [www.wisconsin.edu/transfer](http://www.wisconsin.edu/transfer)
- If interested in continuing your education or transferring credits to other colleges, it is encouraged you talk to the Transfer Coordinator or Advisor at your transfer school as soon as you start thinking about the process.

\*Tuition are not yet available for the 2018-2019 school year. If you have completed previous credits that transfer into the more advanced program, your costs may be less. Please speak with WITC staff if you have questions on how costs are determined. Tuition is an estimate and does not include any miscellaneous fees for various courses, tools, books, supplies or uniforms. Program book costs are in addition to tuition and fees and vary depending on course selection and where the books are purchased or rented.

\*\*Wage and employment data is compiled from the 2017 WITC or 2016 Wisconsin Technical College System (WTCS) Graduate Follow-Up Report; if not available, wage data is derived from the wage data compiled through Economic modeling software int'l (Emsi) based on the WITC region and the SOC codes assigned through the WTCS. The wage data presented for Construction Essentials is a range from the median to 75th percentile earning in December 2017. Educational decisions should not be entirely based on the wage data presented as wages are subject to error and sampling bias. Some people may be hired at a lower or higher starting wage than what is reported here. Annual salaries, from Emsi data, are based on a 40 hour work week over 52 weeks (2080 hours). Experienced wages are from Emsi based on the WITC county region and the SOC codes assigned to the program.

# Construction and Cabinetmaking Pathway

## PATHWAYS TO WITC:

### START COLLEGE IN HIGH SCHOOL

Take dual credit or advanced standing courses in high school. To find out what courses are available at your high school, go to: WITC.EDU and enter "Dual Credit" in the search button.
